

#### STEP 1.

Right click on your desktop, select **NEW** and click on **FOLDER**. Rename the folder to match the patient's name.

### STEP 2.

In your Vatech, open the image, click on **TOOLS**, **EXPORT** and then click on **MEMORY**.

#### STEP 3.

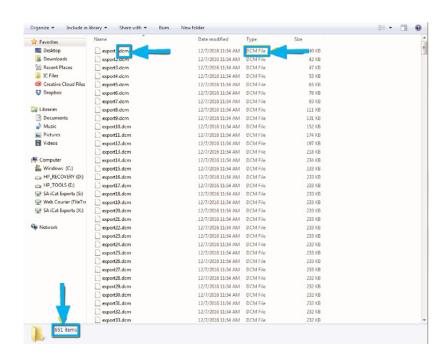

Select the folder you created in Step 1 on your desktop. Click **OK** to export the images.

## STEP 4.

- After the DICOM file exports and saves, open the folder you created on your desktop in Step 1 in order to verify that the DICOM files were all exported.
- There should be several hundred files since these represent the slices of the CBCT scan.
- Ensure that there are no files with any extension other than ".dcm". If other files are present, delete them.

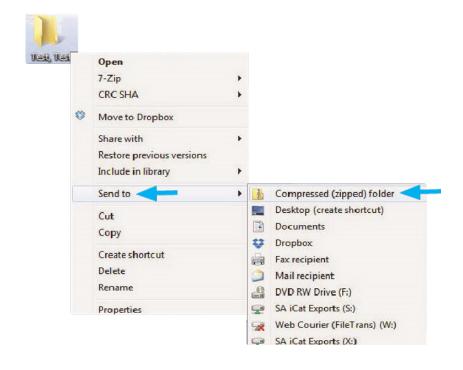

### STEP 5.

Right click on the patient folder you created on the desktop, and select **SEND TO** and **COMPRESSED (ZIPPED) FOLDER.** A duplicate folder will be made with either a zipper or a blue "z."

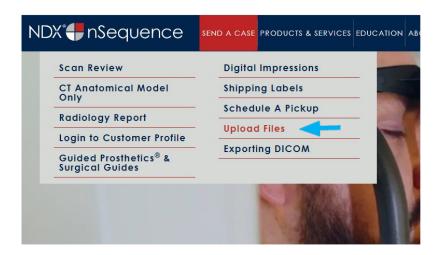

**NOTE:** If following a Dual Scan Protocol, zip scans individually and label accordingly (i.e., "Patient Scan" and "Denture Scan").

# STEP 6.

You are now ready to upload your file to nsequence.com.

- Hover over **SEND A CASE** in the menu.
- Select UPLOAD FILES.

#### STEP 7.

Select **CLICK TO ADD FILES** or Drag & Drop the file into the boxed area.

Send a Case > Upload Files Prepare your data for upload Prior to sending us your case, please prepare your data for upload. For enhanced security, we have limited the file formats Please use the following guidelines to ensure prompt receipt of your files. 1. Maximum total file size = 2GB 2. Maximum of 10 files can be uploaded at a time and upload time is dependent on your internet upload speed. 3. If sending large volumes of data, please ZIP all files prior to sending. 4. Supported file extensions: ZIP, TXT, JSON, XML, 3ML, STL, STP, DCM, PLY, OBJ, DXF, JPG, JPEG, GIF, PNG, TIFF, SVG, WEBP, ICO, DICOM, UDX, PDF, \*Uploading unsupported file types, even when included in a ZIP file, will result in a failed upload attempt. 5. Be sure to keep the page open until all files have been uploaded \*Closing the page before the upload is completed will result in a failed upload attempt. We do everything we can to make sure you can upload your files as quickly as possible. If you're experiencing a slow upload time, it may be due to exceptionally large files as well as your Internet Service Provider (ISP) or network connection.Upload progress will not be shown during upload if you are using the Microsoft Edge browser. Select Files To Upload

Drag & Drop or Click to Add Files

## STEP 8.

Complete the form and click **UPLOAD FILES**. The upload process may take a few minutes.
